

MEETING NOTES

Council on Student Affairs and Fees (COSAF) Meeting

June 2, 2017

Memorial Union, Garrison Room

11:30 am – 1:00 pm

I. **Call to order** – Briar Tanner

II. **ARC Expansion/Hours** – Deb Johnson

- See handout (ARC usage and hours)
- Would like to propose the ARC closing at 12:00 am, instead of 1:00 am. Requesting feedback from COSAF members.
 - Q. Are the numbers just people coming in during those hours? A. Yes
 - Q. Is this just counting swipes, not study area? A. Yes
 - Q. If you do close at 12:00 pm, when do you start exiting the guests? A. 15 minutes before. Starting this year, we will not be allowing guests in ½ hour before close.
 - Suggestion: Stop letting guests in at 12:00 am and just have the weight area open.
 - Jason – Discussion of new entry areas during construction.
 - Q. Is the proposed 12:00 time permanent? A. We can try it and see how it goes. It will also be a way to save funds, but we want to hear from our students and accommodate their needs.
 - Q. What would the funds that are saved by closing an hour early be allocated to? A. It wouldn't really save, it would allow for the minimum wage adjustment coming up.
 - Comments:
 - I think this is a good idea to stop letting guests in at 11:30 am.
 - Yes, especially if it helps pay for students that you do employ
 - I think students like the idea that it is open later – there may be push back, students don't like change

Idea from Deb: Change the hours when Fall begins, so that it will part of the new year, given the construction and alternate entries/exits.

- Q. What is the expected duration of the construction? A. 18 months to 2 years.
- Q. When would the construction hours be? A. Will most likely be 24 hrs/day
- Q. Is there a place where we could keep up to date with the construction progression? A. Absolutely. Thinking of using a web cam. I can also present at COSAF meetings.

Deb: So is everyone in general OK with the hours change, with slight hesitation? A. Yes

III. **Bylaws Ratified** – Briar & Madeline
