**4. Does this department plan to use any CEI funds for items not intended by the referenda? If so, please explain:**

No

Ending reserves for FY19/20 were \$788,828 to contribute to the cost of replacing the turf for Dairy Field, estimated at over \$1 million.

**6. Please describe the need for a consumer price index (CPI) adjustment and include the departmental plan if CPI is not applied next academic year.**

The CPI adjustment is being requested to cover the increase to student wages as a result of the minimum wage increase and continue to contribute to reserves for the renewal of Dairy Field Turf. If not approved, Campus Recreation will need to reevaluate service levels and maintain the current level of allocations to stay within the available funds.

*(Please limit your response to those items funded by CEI.)*

The Sport Club programs consist of 39 clubs. We allocate 20-25% of each club's total costs, as well as employ 45 students and 50 volunteers as referees and sport club managers. Additional expenses have been added in order to accommodate COVID-19 protocols.
