This retreat has given me the chance to be connected with my own community. It has brought me the feeling of home. This motivated me to be more involved on campus so I can represent who I am and people who look like me. I feel refreshed to continue my journey as a UCD student.
The SRRC is an amazing resource for underrepresented students who have felt marginalized on campus. I went there my freshman year and met amazing people who were educated, empowering, and truly wanted to impact their communities. I wholeheartedly believe my experience at the SRRC helped me find community on campus and motivated me to become a student leader.
STUDENTS ARE CHANGE AGENTS

Could not have gotten through this without the community and support the SRRC provided for me. A necessary institution for the most marginalized and underserved. A safe space to relish in joy and love. A safe space to foster academic achievement, professional development, and community involvement.
