“It’s just something you can go do with your friends and it’s kinda competitive, which is nice,” Heinzman said. “It’s a great way to make friends in the community and get involved. If you play with your floor as a freshman, it’s a great way to meet people on your floor you might not have met yet. It’s just a nice, fun way to take a break from all the studying.” ~Intramural participant

“Honestly, it’s a really good way for me to get a workout, always moving around and you get to meet [...] so many like-minded people. The whole atmosphere around the IM sports program is really cool, and once you’re involved with it, it’s something you never really want to leave.” ~Student supervisor

“Sports clubs are great! They help students find a community within UC Davis and pursue passions outside of class. They develop well rounded students that will be successful in all facets of life.”

“Without the love and support of the archery club, I know I would be a very different, and very likely a less happy, confident, and successful person.”

“I threw myself into club field hockey and joined club lacrosse. I could not be happier with the choice I made to play club sports at Davis. Through club sports, I have met some of my best friends at Davis.”

Being on my sport club team for my entire time at UC Davis was a no brainer. It has been an incredible experience participating in the sport I love with peers who love it just as much, and a great balance to the academic rigors at UC Davis.
“The trust in our teammates transfers off the water into our personal and academic lives. We spend a lot of time with each other on campus because we’re like a big family, and in the past when I’ve been stressed out due to school or personal problems, my teammates are the first ones I turn to for support.” ~Aiden Sandhoefner, Men’s Crew Vice President

“Mental strength and confidence. Confidence in my leadership skills, confidence in who I am as a person. You’re out there with all of these other strong women and you’re just like, ‘I can do this, I can do anything.’” ~Kelly Gullett Women’s Crew President
