Let's furnish hope.

HOUSING INSECURITY

Housing insecurity affects around **15%** of undergraduate students. This does not just end at students finding a place to live, but finding a place to call home. While students have options to help find affordable housing, they have little aid in finding the items needed to make that housing livable.

OUR GOALS

To fund our goals, we will need a total budget of \$8k. We are asking for \$3k from the Student Programming Fund.

Provide accessible means for 200 students in need to find these gently-used items for free.

01

Provide

03

Raise

Awareness

Raise awareness for lesser-known struggles of students facing housing insecurity.

02

Collect

Collect gently used furniture, appliances, and cooking equipment from students moving out to distribute to students in need.

Our Plan

Collection
Phase

01

Collection Phase

This phase will take place at the end of Spring Quarter, with an on-campus location to drop off smaller items, pick-up service for larger items. The items go into storage from June to September.

Our Plan

Distribution
Phase

02

Distribution Phase

This phase will occur at the start of Fall Quarter, with an on-campus location to pick-up smaller items and delivery catalogue for larger items.
