- “I really enjoyed this event, it was very informative and not only helped to answer a lot of my questions, but also answered ones I hadn't considered. I hope Apply-a-Thon is able to continue for years to come because it is genuinely a very useful tool for us to come together and help each other out.”
- “The Grad Student Panel was amazing because we got more of a glimpse of how the different students found their path and how they maintain balance with all of their work!”
