Q2. Event/ Program Information

Name of the Event/ Program	"Camperships"
Date(s) of Event (include the year)	1/5/26-2/13/26
Location	Online
TOTAL event/ program budget (\$x,xxx)	\$5,000
Funding request amount from COSAF (Student Programming Fund) (\$x,xxx)	\$5,000

Q3. Please provide a detailed description and purpose of the event/ program.

Youth Programs would like to create a scholarship fund to reduce the cost of summer childcare for UC Davis student families. UC Davis students with children would be able to apply for a "campership", or camp scholarship, to help cover their child's cost of summer camp programs provided through Youth Programs. The application would be hosted on the Youth Programs website and would remain open from 1/5/26 through 2/13/26. Since programs have varying costs, we would provide families with a full list of our programs and their costs so that they can apply for the specific programs their child would like to participate in and be provided the full funding.

Q4. How will the requested funds be utilized to support this event/ program?

The funds from COSAF would be used as the pool of money we to provide "camperships" from. The money would be allocated to families after a brief application process and verification of their status as current students.

Q5. Please enter estimated attendance for the following groups.

UC Davis Students	25
UC Davis Staff	N/A
Faculty	N/A
Other (please specify and include number)	N/A

Q31. If this event does not receive funding or receives only partial funding, how will the event be impacted?

We would not be able to provide "camperships" if we do not receive this funding and would have to postpone the program while we search for a different funding source. However, we would be able to provide partial "camperships" if we receive less than full funding, so long as that amount was at least \$1500.

Q6. Who is the target audience of the event/ program? (e.g. students, program participants, users of a specific service)

Current UC Davis student parents.

Q7. What program, activity, or service will be provided? (e.g. six-week training program, instructional class or activity, structured community program that exposes students to new ideas and experiences)

The service provided is an opportunity for free summer childcare through Youth Programs here at UC Davis.

Q10. How does the event/ program provide services that are of growing interest to students? (if applicable)

N/A

Q11. How does the event/ program foster diversity, equity, and inclusion? (if applicable)

"Camperships" would help foster inclusion by removing the financial barriers that may prevent some student parents from being able to send their children to summer camps.

Q12. How does the event/ program provide crucial services to students? (if applicable)

This program would aim to provide as many student parents as possible with free childcare during the summer. Childcare during the summer is an essential service to any student parent who is taking classes, working a job, or both.

Q32. How does the event/program benefit a large range of student population?

Although student parents are not one of UC Davis's largest populations, they are one of our underserved populations that rarely receive programming specific to them.

Q13. Has your Department/ Unit/ Student Organization put on this event in the past?

- Yes

Q14. Please provide the following information on the previous event(s).

Event date(s) (Month(s)/ Date(s) / Year)	3/1/22-4/3/22

Q15. How was the success of the event measured?

Success was measured through the amount of money distributed from allocated funds. All money allocated for camperships was allocated to student parents.

- This is not a regular annual event

Q34. If Yes, what is the change?

N/A

Q35. If this is an annual event, is there a substantive change to the program agenda from previous years?
