

# Students with Dependents Writing and Publication Initiative

Council on Student Affairs and Fees presentation

April 12, 2019

Hope M. Medina

Director, Transfer and Veteran Services

Raquelmarie Clark

John Estrada

Kathy Vang

## Did you know...

- 40% of the current undergraduate population at American colleges and universities are 25+ years?
- 42% of institutions surveyed have no support for this population of students?
- At UC Davis, there is no single point of contact or resource that addresses the needs of the 1,500 students who identify as reentry, student parents, or students with dependents?

## Transfer and Reentry Center proposal

- Address the challenge with a solution based option
- Develop and publish a resource guide that will bring decentralized information to one place and format
- Tap into the expertise of current reentry, student parents and students with dependents as well as vested staff and faculty
- Position students as problem solvers
- Endeavor to decrease the sense of social isolation that this population experiences
