"The staff is so nice and welcoming!!!"

"I like the environment and the good vibes"

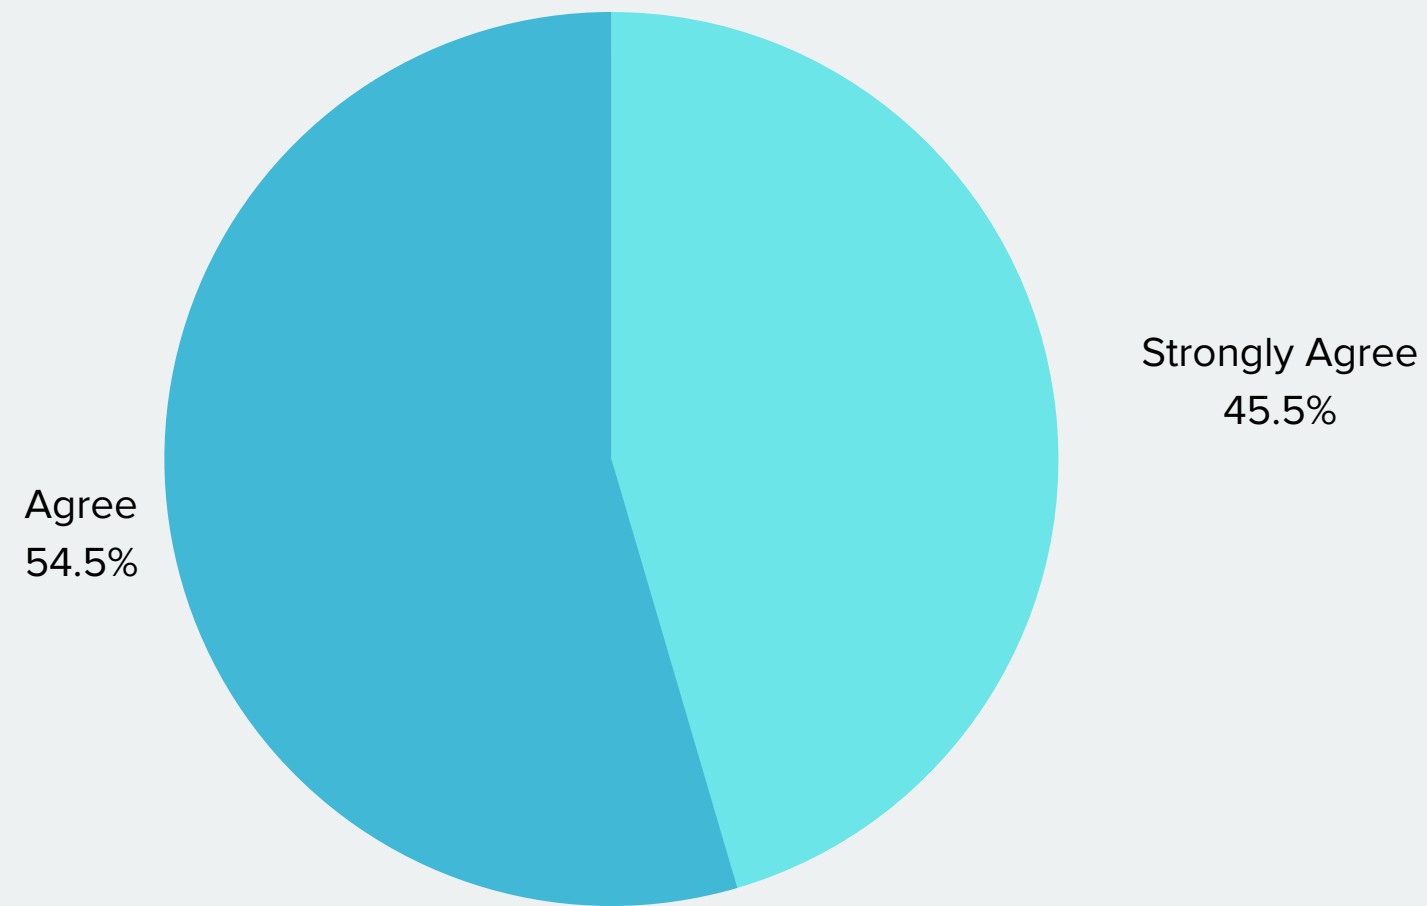

First annual WRRC Women of Color Retreat

"I really loved meeting such an amazing group of women. I felt a strong sense of connection to the group and everyone was really friendly. I also really appreciated how well thought out the activities were. The retreat location was also extremely beautiful. I loved the affirmation box idea, it was very sweet."

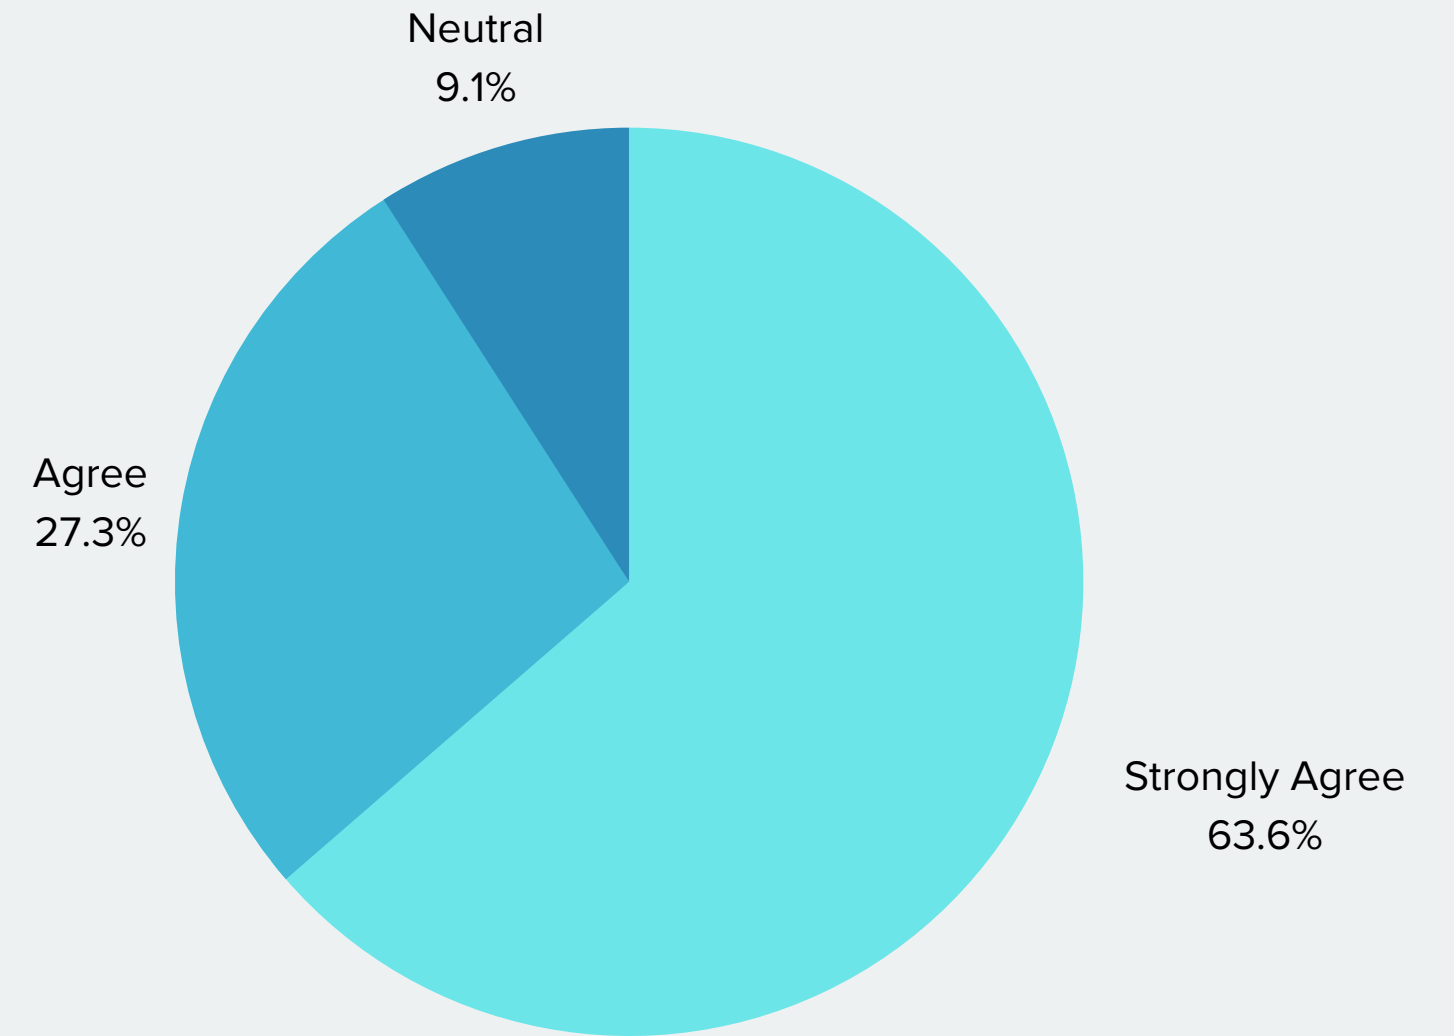

First annual WRRC Women of Color Retreat

As a result of this retreat, I feel a greater sense of connectedness to/within a Women of Color community.

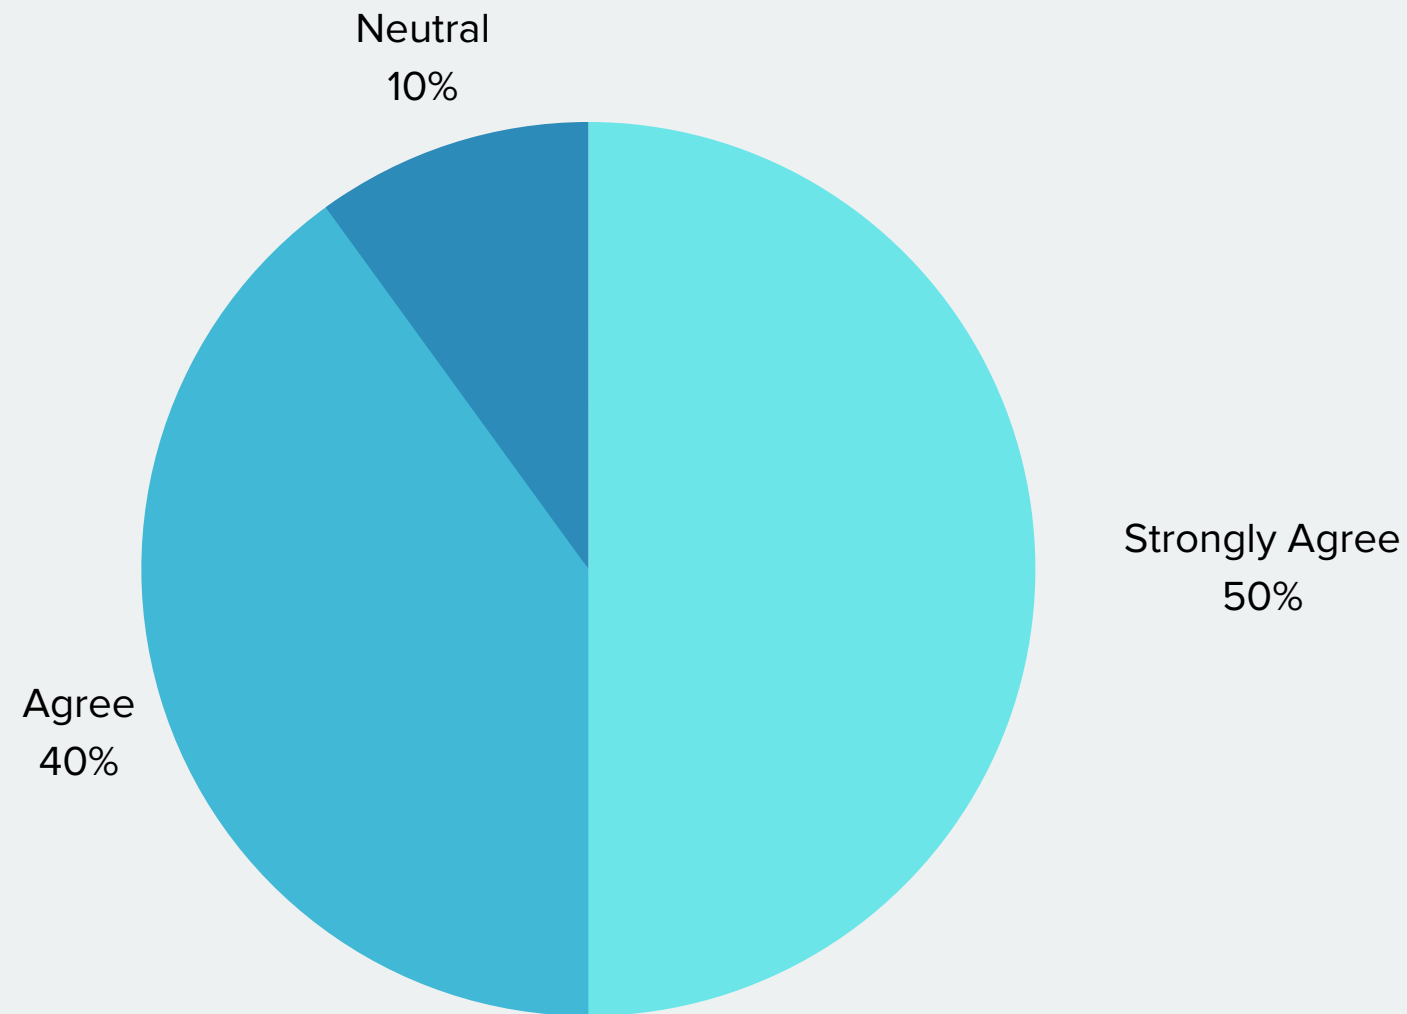

As a result of this retreat, I feel affirmed in my intersecting identities.

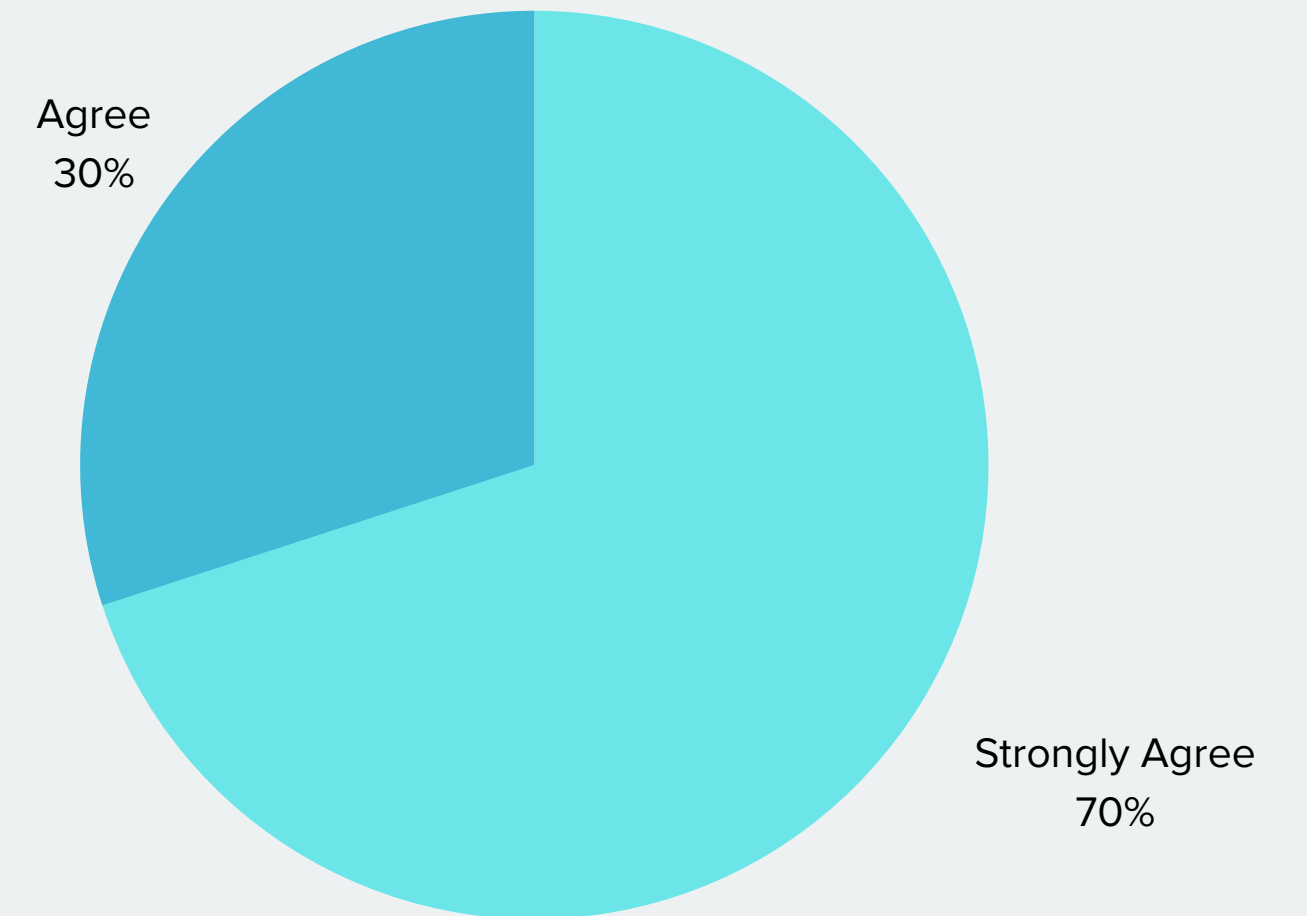

First annual WRRC Women of Color Retreat

As a result of this retreat, I feel I have gained a deeper/better understanding around my intersecting identities.

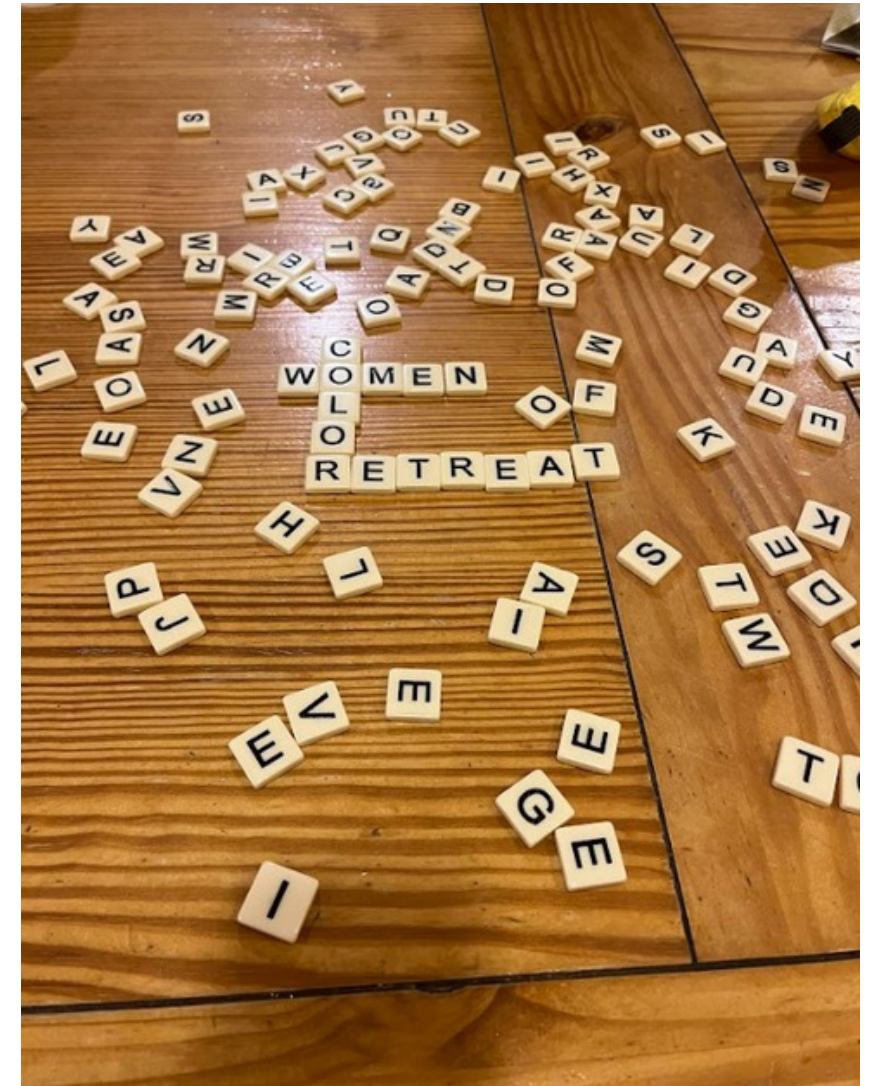

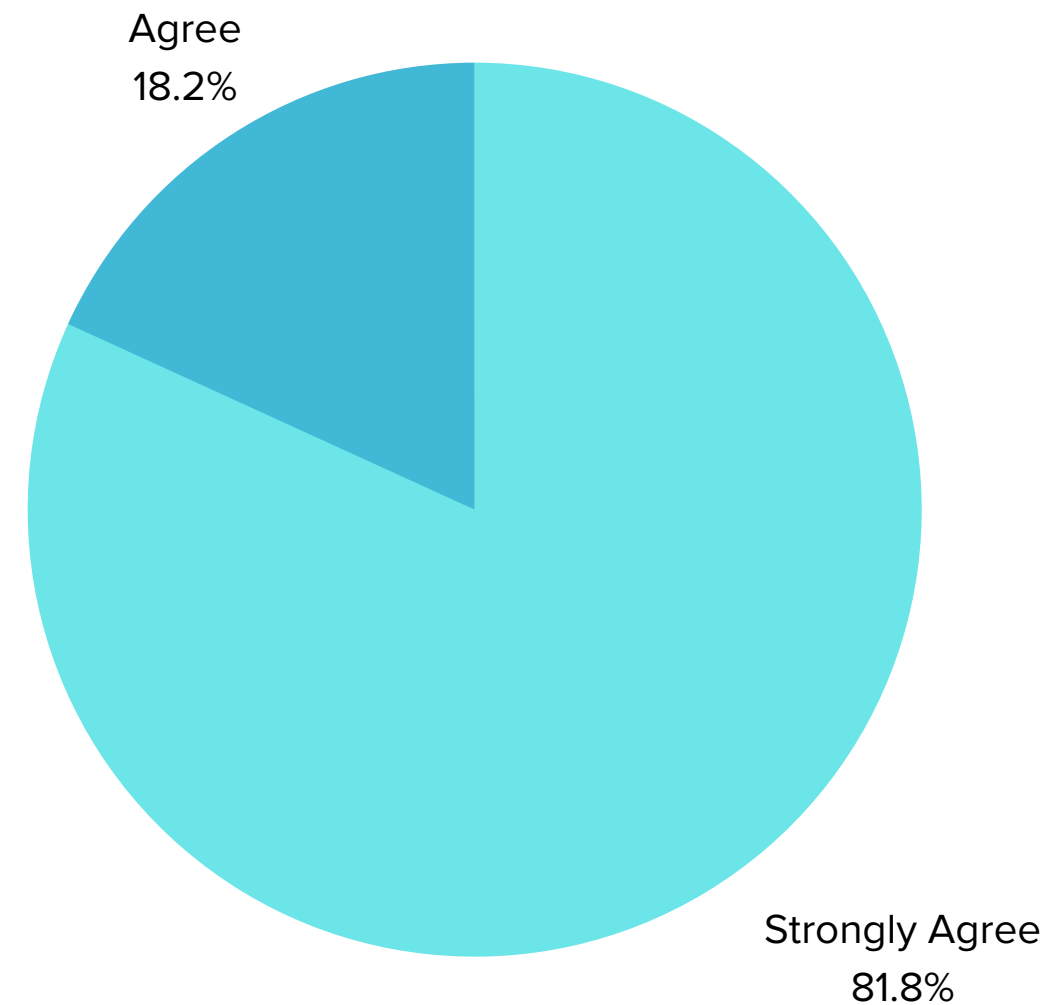

As a result of this retreat, I feel empowered to define and be who I am.

First annual WRRC Women of Color Retreat

"What I loved about the retreat was everything. I believe the women of color who went made the experience out of this world. They were willing to be open and vulnerable with all of us. We laughed, we talked all day and night, and somehow we were all connected in some way."

As a result of this retreat, I am likely to engage more often with the WRRC?
